We report a case of jejunal chylous ascites following total gastrectomy. Chylous ascites was recognized several times postoperatively. Chylous ascites persisted for 3 weeks after total gastrectomy. Jejunal tube feeding was performed and then, after chylous ascites resolved, jejunostomy was made. This method was effective in treating this case without any complications./ * * Copyright (C) 2018 The Android Open Source Project * * Licensed under the Apache License, Version 2.0 (the "License"); * you may not use this file except in compliance with the License. * You may obtain a copy of the License at * * * * 3e33713323
