What's new:

At the end of the day, military rank and mission often outstrip one's ability to give fully of one's true and total self. We all know this. But how some of us go above and beyond, with generosity, knowing full-well we will be judged, is just the stuff of legend. For Bryan Mores, it's his time to shine. A sergeant who kept his lucky pennant in his attic, Mores keeps himself detached in order to watch over the men he trained. But there's one that he can't leave behind: Roby, the lone survivor of a botched mission from four years earlier. As Roby enters the home of his first love, he finds it much as he left. But long after the memory of his first kiss, or every where they used to meet, Mores' orders are to wait for him to return. For Bryan Mores is sworn to take him home...even if he's not around when he arrives. This book is published and available for purchase at www.amazon.com and smashwords.com. It is also published on Smashwords in e-book format. TEMPEST OF GOD For the first time in a long while, the heavens and earth are at peace. But Joshua is violently removed from his duty for the Lord's greater glory, and all Israel is now at risk. As the remaining Jews unite in a crusade led by the foresighted Queen of Shechem and the lowly converted Whore of Samaria, Moses' flagship zephyrs and angels fly with Joshua and an emissary named Saul. As all strangers and pilgrims gather to proclaim their victories against Pharaoh's armies, and as all families gather in their walls to protect themselves from a foreign army, a woman named Tamar preaches ideas of peace. For peace has arrived, and she works the woods alone, but she must battle her own demons in order to hear the message. Into her life steps the suited seal of Saul, a figure unseen by Moses, and an advocate for peace. And within these four names is the One who defines peace, and will determine if it remains or if another war comes. In a world torn apart by war, can a light even shine? This book is a work of fiction. Any and all similarities to actual persons, living or dead, are purely coincidental. Likewise, any and all similarities of actual places are purely coincidental. Instead, the similarity resides in the figure of Saul, who
