Cursor c = db.rawQuery("SELECT SUM(amount) FROM transactions",null); The result I am getting is android.database.sqlite.SQLiteException: near "SUM": syntax error (code 1);, while compiling: SELECT SUM(amount) FROM transactions A: This works for me. You have a comma in the WHERE clause and the parentheses are missing. String sql = "SELECT SUM(amount) " + "FROM transactions " + "WHERE type_id = (1)"; A: The only thing to add to where_owner_id =? is to add parentheses. Try this: Cursor c = db.rawQuery("SELECT SUM(amount) FROM transactions WHERE type_id =?",new String[] {1}); The Karate Kid
